GLOSSARY OF TERMS USED IN THE UNIVERSITY OF LIMERICK CONSTITUTION, CLUBS AND SOCIETIES STANDING ORDERS AND THIS RULEBOOK

The following shall determine whether an organisation is a club or a society.

CLUB

Clubs shall be the representative agents for active sports participation for the University of Limerick. These clubs shall compete in organised competitions/events whereby they adhere to the rules and regulations as laid out by their governing bodies. A club may also be a non-competitive activity but nonetheless participatory. This form may involve physical fitness, recreational or therapeutic components.

SOCIETY

Societies are formed for a specific purpose, namely to campaign a certain ideal. Societies are seen as gathering places for cultural and/or intellectual advancement of institution members.

The main distinction being drawn between a Club and Society is that a Club is 'activity driven' whereas a Society is 'interest driven'.

Apology

An apology [SO 7(a)] is a written stated reason why a delegate to the Council or a member of a committee or other assembly cannot attend a particular meeting.

Academic Year

An academic year shall be deemed to be from Weeks One to fifteen of the autumn semester and Weeks One to fifteen of the spring semester, inclusive.

Budget Allocation

A budget allocation is a sum of money allocated to each club and society at the beginning of the Academic year in the autumn semester to subvent expenditure incurred by a club or society in the pursuit of its aims or objectives. The Executive Committee under established financial procedures agreed by the Council determines such an allocation (Article 43.1 & 43.2)

Mandate

A motion is a command or instruction from a superior authority to an entity or person, which it has the right to order or instruct.

Majority

A majority [SO 27] is the greater number between two differing numbers. A majority determines the outcome of a vote or other ballot used in meetings or considerations of opinion.

Minutes

A minute of a meeting is a record of the proceedings of that meeting. Minutes are taken for the purpose of accountability and as an official record of decisions and policies agreed at meetings. [SO 33 (a) and (c), 34, 35]

Non-voting

A person is deemed non-voting [SO 4] when he/she is precluded from formally casting a vote at meetings or other assemblies. The person neither is entitled to propose any kind of motion or other formal proposal. The person may offer an opinion or advice.

Semester

A semester divides the academic year into two: an autumn and a Spring Semester. They constitute fifteen weeks each.

Special Events Fund

A sum of money apportioned annually by the ULSU for special or unforeseen events for clubs and societies, that could not be anticipated for when an organisation applied for their budget allocation. (Article 43.8-43.10)

Standing

The word standing in the context of the Standing Orders means permanent and at all times fixed and established. [SO 45 (1)]

Terms of Reference

Terms of reference [SO 41] describe and define the scope and authority or power of a particular body or committee. They usually give details of membership, voting-rights, chairperson, purpose of committee or inquiry, its authority or powers if any, and other requirements relevant to the matter in question.

Budget linked to Income Policy

[Note: that this policy refers to how points and cash are allocated in terms of the automated computation of the final cash amount award to clubs and societies]

Budgets to be allocated on a Points and Income basis and the ratio would be determined by cash amount of income raised and funds actually available

Method

1. Points run on income figures and that determines first round award.
2. If surplus on budget after 1st round the same system of allocation would be re-run.
3. The budget system is re-run in successive rounds until all money is allocated.
4. As each club/society reaches its maximum points determined financial allocation they are excluded from remaining rounds of budget so that nobody can receive more than they asked for and those with shortfalls have several opportunities to cut the size of their shortfall.

Budget Split (between Clubs & Societies)

That the Clubs and Societies annual budget be split, with 25% apportioned to societies and 75% apportioned to clubs. If the total running costs of either clubs or societies are less than the apportioned amount, the surplus will be re-allocated to the other if required. These percentages will be reviewed annually at Clubs and Societies Council in Semester 2.

~ 10th April 2007, Clubs & Societies Council

Guidance for Equipment and Care

This information is primarily aimed at those members of the Club's committee with specific responsibilities for the issuing, care and maintenance of Club /Society owned equipment. As such it should enshrine current best practice advice on equipment care. Personal injury risk through improper use of equipment must be managed through these procedures. Proper training in the use of all equipment is crucial to maintaining safety.

Equipment logs

- c) In the log, record this number/mark, when the item was bought, when the equipment should be retired and how often the equipment must be checked.

E.g. Outdoor Pursuits Club trip to Scotland and Winter Mountain Climbing training with a qualified British Mountaineering Council (BMC) guide.

E.g. Sub Aqua club training up members with Scot Sac approved instructors in warmer water allows for multiple dives in a short space of time which is not possible in waters off Ireland.

2. “Invitational” tournaments abroad are not permitted unless recognised competitions of significance as acknowledged within your relevant governing body

E.g. Henley Rowing Regatta UK, Head of the Charles USA.

E.g. Oxford invitational debates, Debating Union.

3. Only expenses that relate to the “activity” are actually covered on a foreign trip:

a) Accommodation - The following accommodation can be budgeted for: Self-catering accommodation; Campsites; Hostel; Budget hotels. Accommodations outside these categories are subject to discretion of the C&S executive and may be subject to part funding.

b) Transport of necessary equipment and/or equipment rental can be budgeted for.

c) Tuition/Expert coaching can be budgeted for.

d) Entry Fees can be budgeted for.

4. International Flights and Travel to 1/3 of the cost of International Travel to primary destination may be budgeted for. The most efficient form of travel to the primary destination is the responsibility of the club/society member.

a) Secondary travel from primary destination must be cost effective AND necessary within the environs of the primary destination and associated with the club/societies activities being undertaken. Such expenses will be a legitimate expense.

5. Charity Based Societies i.e. St. Vincent De Paul are exempt from point 4 of The Foreign trips policy to facilitate their 6 weeks of charity work in Haiti

ULSU and PSA Agreement version 2 re Clubs & Societies and Capitation

Appendix D - ULSU and PSA agreement version 2

Agreement between University of Limerick Postgraduate Student Association (PSA) and University of Limerick Students Union (ULSU), regarding new funding arrangements and division of postgraduate student capitation between PSA and ULSU to comply with the constitutions of PSA and ULSU.

In principal:

- a) The PSA should be funded directly from the capitation contribution of postgraduate students.
- b) The PSA should make a contribution from postgraduate student capitation to UL clubs and Societies.
- c) The wages of the PSA president should come directly from Postgraduate student Capitation.
- d) PSA should make some financial contribution to the ULSU in order to maintain use of ULSU resources both in terms of use of ULSU facilities and access to officers.
- e) The PSA will present accounts to the University to show the expenditure of the Postgraduate Capitation money.

Detail:

1. The PSA should be funded directly from the capitation contribution Of the postgraduate students.
 - a) The PSA and ULSU agree that UL PSA should receive the total amount of postgraduate student capitation money from the University of Limerick because it is the organisation mandated by postgraduate students to represent their interests and safe guard the appropriate expenditure of their capitation fee.
 - b) Postgraduate capitation at the time of this agreement is 53 euro per full time student and 44 euro per part-time student
 - c) Postgraduate Student Capitation was approximately 75,000 euro for the academic year 2002/3.

2. PSA should make a contribution from Postgraduate Student Capitation to UL Clubs and Societies.
 - a) At the time of this agreement 2/3's of all student capitation goes to fund Clubs and Societies. There is a small administrative overhead taken by ULSU from this but almost all this money goes into Clubs and Societies.
 - b) PSA and ULSU agree that this amount of 2/3's of capitation should remain. PSA will direct 2/3's of the capitation money it receives from UL to the ULSU to administer on behalf of UL Clubs and Societies. This is because ULSU already has personnel and systems in place to administer this money and there is at the time of this agreement satisfaction among postgraduates as to how the ULSU administers club and society money. The PSA and ULSU agree that the PSA's contribution to Clubs and Societies should be transferred to the ULSU within 10 working days of the PSA receiving the money from UL.

3. The wages of the PSA president should come directly from Postgraduate Capitation.
 - a) The wages of the PSA president is currently 14,000 euro including employers PRSI the cost is 16,000 euro for wages.
 - b) It is agreed that the PSA will undertake to register as an employer and pay the PSA president's wages and satisfy all tax requirements as an employer. This will change the PSA president from being an employee of the ULSU to being an employee of the PSA. The change over will happen in the next pay period after the transfer of money from the University of Limerick to the PSA.

4. The PSA should make some financial contribution to the ULSU in order to maintain use of ULSU resources both in terms of use of ULSU facilities and access to officers.
 - a) The contribution of postgraduate students to the ULSU is to come from the postgraduate students capitation fee. This contribution is based on the division of the postgraduate capitation money after the president's wages and clubs and societies portions and a minimum expenditure figure for the PSA have been subtracted.
 - b) The total amount of Postgraduate capitation for the year 2002/3 was approximately 75,000 euro.
 - c) 2/3 going to clubs and Societies leaves 1/3 or approximately 25,000 euro
 - d) Out of this 1/3 of Postgraduate capitation comes the PSA president's wages. This is currently 14,000 to the employee or 16,000 including employers PRSI contribution.
 - e) This leaves approximately 9,000 euro to be divided between the PSA and ULSU.
 - f) It is agreed between the UL PSA and ULSU that 5,000 euro is a reasonable minimum for the PSA to consume in addition to the presidents wages.

- g) Out of 1/3 of capitation less wages, which will be approximately 9,000 euro 5,000, will be remain with the PSA undivided. The remainder of the money will be split in the ratio of 2:3 in favour of ULSU.
- h) Based on a total Post Graduate capitation figure of 75,000.
- i) This agreement will give UL clubs and societies 50,000 euro .
- j) UL PSA will get wages of 16,000 plus 5,000 plus 1,600 giving 22,600
- k) ULSU will get 2,400
- l) Excluding wages the UL PSA will exist on approximately 6,600 euro each year.
- m) It is agreed between ULSU and PSA that for the academic year 2003/4 only the ULSU will waive its portion of Postgraduate Student capitation fees on the basis that no agreement was reached the previous year.
- n) For all subsequent years the above agreement holds.

Appendix E - Article 30 PSA in Constitution (Financial Matters)

1. As recommended by the HEA, (Higher Education Authority), two thirds of postgraduate student Capitation shall be given to Clubs and Societies.

CLUBS AND SOCIETIES COUNCIL

The Council derives its authority from the ULSU constitution (Article 2.3 & Article 39.1 & 39.2) and is the sole body that regulates the procedures and general running of clubs and societies. The following gives an outline of the powers, administration and structure of the Council. It deliberates upon and adopts the financial procedures used in the allocation of funds (Article 43) to clubs and societies, but does not have jurisdiction over the financial allocation of finances nor can it mandate any amounts or sums of money administered by the ULSU to clubs and societies.

The Council has the right to determine its own policies on matters affecting the running of clubs and societies in general (Article 40.8) and can mandate the Clubs and Societies Executive Committee and the ULSU Executive Committee on these matters. (Article 40.12)

The **Administration Seminar** is a forum for all clubs and societies to be briefed on the financial procedures, structures and administration of clubs and societies. It must take place before Week Two of the autumn semester (Article 43.1) and attendance is compulsory. Those organisations that do not attend are liable to receive a zero budget allocation.

The Administration Seminar elects the Clubs and Societies Executive Committee. Two delegates must attend who represent the views of their organisation, one of which who is entitled to vote. This latter person will be considered to be a delegate to all Council meetings. A new member wishing to attend their first Administration Seminar should be accompanied by an experienced committee member

Apologies to any meeting of the Council [SO 7(a)] or committee must be presented in writing (or via email) to the Secretariat no later than three hours before the time of commencement of the scheduled meeting. Apologies via email which do not reach the Secretariat, for whatever reason, before the stated deadline shall not be considered an apology.

The Council will accept only one apology per semester. Subsequent apologies are at the discretion of the Clubs and Societies Executive Committee.

A **Liaison Officer** (Article 40.1) [SO 1] to Council is a member from clubs and societies nominated or otherwise authorised by their organisation to attend the Administration Seminar. Each club or society must nominate two permanent delegates for the duration of a full academic semester immediately after the administration weekend and prior to the first council meeting of Semester 2. The Secretariat and the Clubs & Societies Executive representative for your club or society must be notified of changes 3 days prior to a Council Meeting. A club or society may only change their delegates (from this time forth referred to as a "liaison officer"), outside of specified timeframe, in exceptional circumstances. This is to be determined and decided at the discretion of the Clubs & Societies Executive. Both delegates attending council must currently sit on the committee of the respective club or society. (Note; this applies to the core committee positions

ONLY). Both delegates' may attend council in rotation or together. This does not exclude any club or society bringing more than these two nominated delegates to a council meeting however only one of the TWO NOMINATED DELEGATES may register their club/societies attendance or vote as the case may be. Delegates are obliged to relay any and all information dealt with by the council concerning the running of and matters affecting clubs and societies. Neither the council nor its agents accepts any responsibility for failure to communicate such information to individual clubs and societies.

Penalties

Penalties for non-attendance at Council meetings are available in the form of budget points, which shall be deducted automatically from the Club or Societies next budget submission. Fines are also applicable to clubs and societies who apply to the Council for recognition once the Council has *noted their 15-week trial period*. The total fines in a given year would amount to a maximum of 10 points. This excludes an additional 4 points for non-attendance at the annual Hustings for the Best Club and Society of the year awards.

Matter Arising

A matter arising [SO 7(c)] is an issue or an item that was discussed at a previous meeting, which requires further consideration or attention at a future meeting.

Motions [SO 9-20] are proposals brought formally before a meeting with the intention of formulating a policy or other decision. A procedural motion is a motion specific to the procedures used in conducting a meeting.

The **quorum** (Article 40.7) [SO 5] – the fixed minimum attendance necessary for the transaction of business at a meeting – for Council meetings is half the delegates plus one of the Council. Without a quorum the Council cannot transact any of its business and therefore cannot be considered a Council meeting.

Resolutions [SO 9] are proposals that can be dealt with at a meeting on matters other than policies affecting the running of clubs and/or societies in general.

A **Report** is a formal statement presented to a meeting or assembly for public discussion and comment.

The **Secretariat** [SO 33-39] is an entity established by Standing Orders to administer to the Council and its committees – including the Executive Committee – on all matters dealing with minutes, records, administration of meetings and other similar duties that the Council or committee may request from time to time. The Secretariat serves all delegates to the Council and offers advice to any delegate regarding the procedures of Council meetings.

Standing Orders are rules, which govern the way meetings, are structured and arranged. The Standing Orders relative to the public business of the Council cover such aspects of the meeting as roll of attendance, chairing, quorum, order of business (agenda), motions, conduct of delegates, voting, questions, the roles and duties of the Secretariat and the formation of committees.

Council meetings shall have a general **time frame** of one hour after the Chairperson has called the Council to order. The Chair, subject to the opinion of the Council, shall have the discretion extend the time frame of the meeting as the need arises.

Clubs and Societies Executive Committee

The Clubs and Societies Executive Committee is an elected Committee which performs the following roles and duties:

- Allocates a budget allocation to all recognised clubs and societies (Article 43.7),
- Administers the Special Events Fund (Article 43.10),
- Undertake enquiries in relation to matters affecting the running of clubs and societies [SO 45 (2)],
- Suggests and proposes courses of action in relation to the running of clubs and societies,
- Transmit the views and opinion of the Council and the Executive Committee to the ULSU Executive,
- Aids in the development of clubs and societies.

The Committee meets once per week, where possible, during the academic year.

The Committee presents a report [45(1)] on its activities through the Clubs Officer Report, the Societies Officer Report and the Special Events Fund Report, which are standing items on the order of business of the Council. [SO 7]

The Committee may at any time request representatives of a club or society to attend its meeting if an issue, which may affect the overall business of clubs and societies, comes to its attention. [SO 45(2)]

Voting in the Executive Committee shall be determined and restricted to solely clubs business or societies business. The Clubs/Societies officer and the two clubs/societies representatives shall only vote on that business which affects clubs/societies. The Executive Committee may vote jointly on business, which affects both clubs and societies.

ROLES AND DUTIES OF OFFICERS

The **term of office** for all members on the Executive Committee, excluding non-voting members, shall be one year from the date of election of that member, to begin at the Administration Seminar. FORMATION & RECOGNITION OF A NEW CLUB OR SOCIETY BY THE CLUBS & SOCIETIES COUNCIL

In order to be recognised by the UL Students Union (ULSU), and so be entitled to receive funding from said Union the following conditions must be met by the applicant organisation (as set down in the ULSU constitution Article 39.3)

1. The organisation shall be recognised by council
2. The organisation shall be in existence for a minimum of 15 teaching weeks
3. The organisation shall have a minimum of twenty-five members.
4. Membership must be open to both students and staff of the University.
5. The organisation must have a constitution stating clearly the aims, objectives, purpose and/or intentions of the organisation, as well as the administrative purposes of the organisation with specific attention given to financial arrangements.
6. The Organisation must present accounts to the Clubs and Societies Executive Committee as appropriate on request.
7. The Organisation shall present an inventory as part of the budget application of goods directly owned and those held in trust belonging to the union or other third parties for the ULSU.
8. The organisation shall have a Health and Safety Policy document

On the formation of an organisation, the applicant club or society must inform the Council of its intention to be formally recognised by the Council. The applicant organisation shall place a resolution to go on a 15 academic week trial period. This allows the Council to verify the existence of the applicant organisation from that date and to fulfil the fifteen academic week period constitutional requirements.

The applicant organisation shall then wait for fifteen academic weeks, from the date of that Council meeting, before formally requesting the Council to be recognised as a full club or society. Having fulfilled the above requirements, the applicant organisation for recognition must have the above criteria certified by the Development Officer and the Clubs/Societies Officer before they make a formal application to the Council.

The Development Officer and the Clubs/Societies Officer shall review the membership returns of the applicant organisation for accuracy and authenticity and shall review the applicant organisation's constitution to consider whether it has clearly stated its aims, objectives, purpose and/or intentions. They shall also consider and report to Council on whether in their opinion, on the evidence presented to them, the applicant organisation has been active for the fifteen academic week period.

Once a Club or Society has been certified the applicant organisation may proceed to place a resolution to the Council to recognise them to allow them to become a full club or society.

Financial Arrangements

The ULSU administers a portion of the capitation fee paid by students attending the University to clubs and societies through the Clubs and Societies Executive Committee (Article 43.1). Only clubs and societies that are recognised by the Council and have fulfilled the criteria for recognition (Article 39.3) may receive a budget allocation.

The following are the financial arrangements agreed by the Council concerning the administration and granting of a budget allocation to clubs and societies.

Clubs and societies shall submit their annual budget no later than one week from the University of Limericks last scheduled official exam of the Spring semester to include an income and expenditure account, an inventory of all goods directly owned or held in trust by the Students' Union, and a list of incoming officers of the organisation for the forthcoming academic year, membership books and an electronic copy of the membership record. The budget information shall be presented on-line on official form(s) obtained from the Development Officer. Any Club or Society not fulfilling these obligations will automatically be disqualified from the budget process. The budgets are distributed to members of the Executive Committee. The Executive Committee then determines an organisation's point's allocation in accordance with the criteria and weightings as agreed by the Council. The total score for all Clubs & Societies is then calculated mathematically.

A complete list of **budget allocations** shall be posted in the Clubs and Societies Office no later than the end of week 2 of the Autumn Semester. Clubs and societies who feel aggrieved with their budget allocation shall have the **right of appeal**. The appeals process shall follow this order:

- A letter stating the reasons for an appeal shall be presented to the President of the ULSU (being chairperson of the Executive Committee) within three university days of allocations being posted up
- The President will then request the appropriate Appeals Committee to meet and must present all relevant documentation to that Appeals Committee as was presented to the Executive Committee when determining the appellants budget allocation.
- The Appeals Committee shall then meet two university days after they have received the appellant's letter. The Appeals Committee shall review all the documentation supplied to them regarding the appellant and the criteria and weightings used by the Executive Committee.
- The Appeals Committee shall request the appellant and the members of the Executive Committee who processed the budget allocation to appear before them.
- The Appeals Committee shall judge appeals on the merit of the established criteria used by the Executive Committee.
- Where the Appeals Committee decides that additional money should be granted to the appellant, this sum would be deducted from the Special Application Fund. The Appeals Committee having heard the appeal shall decide on the final figure of the budget allocation by voting, which shall be by majority. Their decision is final and binding.

THE APPEALS COMMITTEES

In order to hear appeals the Council has constituted two independent Appeals Committees, one for clubs and one for societies, each consisting of three members.

The Committees are elected from a panel of delegates attending the Administration Seminar. The following is the process of election:

Delegates attending the Administration Seminar shall nominate two panels of six people each (six from clubs and six from societies). The nominations shall then be sorted in a list, from one to six, through means of a lottery conducted in public before all delegates at the Administration Seminar. Those nominated who fall between one and three inclusive shall be deemed elected to the Appeals Committee, on the condition that they are not members of the Clubs and Societies Executive Committee or a member of an organisation that subsequently appeals their budget allocation. Should it transpire that a member or members who are nominated to the Appeals Committee is a member of an appellant organisation, that member shall resign his/her position on the Appeals Committee and shall be replaced by the member of the panel who is next in line to be nominated.

CRITERIA AND WEIGHTINGS FOR DETERMINING BUDGET ALLOCATIONS

The Clubs and Societies Executive Committee shall use the following criteria and weightings in determining the budget allocation awarded to an organisation. They shall apply criteria worth 75% to clubs and societies jointly. The remaining criteria amounting to 25% shall be specific clubs alone and to societies alone.

THE SPECIAL EVENTS FUND

The Executive Committee administers the Special Events Fund (Article 43.8-43.10). It is a limited fund, which is set up to act as a contingency fund to assist ALL Clubs & Societies financially. With regard to those Clubs and Societies that *are already in receipt of a budget* they can only avail of this fund for unforeseen expenditure or events that could not reasonably have been included in their budget by the submission date. If an organisation has included an expense in their application for a budget allocation, they cannot apply to the Special Events Fund.

Clubs and Societies that are not in receipt of a budget or that might be newly formed may also apply to the Special Application Fund. There is no stipulation on these clubs or societies regarding “unforeseen expenditure”, this fund in effect acts as an interim budget but can only be applied to on an event-by-event basis.

It is important to note that existing budgets are completely separate to this fund and Special Apps Funding is an additional source of financial aid. Budgets do not have to be exhausted before qualifying for this fund. (*Allocations will be made at the discretion of the CSE, as appropriate*). **Please note that the Special Apps Fund is limited and once the fund is exhausted there is no further monies available from the ULSU and its cost centre of the Clubs & Societies.** As soon as ALL information is available submit your application even if it is a month or more in advance of the actual event. Special Apps will be processed by the Clubs and Societies Executive (CSE) and then submitted to the Accounts department to be processed with the next weekly batch of Cheque requisitions. See Cheque Requisition section for information on providing correct paperwork when attempting to access funding.
